

MONA

beka DIFFERENT
BY DESIGN

Our multi-functional mobile nursing and care table MONA offers high-quality padding with rounded edges for maximum comfort and safety and is available in many different dimensions. The stable scissor lifting system of the chassis ensures high stability.

Watch product video!

For demanding care.

The stepless height adjustment (optionally electric or hydraulic) ensures the optimal working and transfer height for the resident and caregiver. The base frame is freely accessible and equipped with four steerable and lockable castors.

✓ Stepless, vertical height adjustment

The height adjustment ensures that the patient is always at the correct working height. The scissor system provides a stepless adjustment, which prevents uncomfortable shaking of the nursing table.

✓ Available in 3 different versions

Our MONA care table is available in Hydraulic, fixed Electrical or Battery operated

✓ Optional side rails increase safety

The optional, foldable side rails ensure additional safety and can prevent patients from falling.

✓ Freely accessible

The MONA is freely accessible with all modern transfer and bathing lifts. The chassis is equipped with 4 steerable and lockable castors, which ensure a safe and easy transfer.
